

The Furry Oiler

ANIMALS AND ESSENTIAL OILS

Here are some general tips and suggestions you will want to keep in mind as you share essential oils with your furry friends:

- + Do not use essential oils on and around cats or dogs under 8 weeks old because they are developing at fast rates; it is easy to mess up the proper dilution for each breed.
- + Animals are generally more sensitive to essential oils than humans are. It is best to heavily dilute essential oils and use them in moderation.
- + Every animal is different, so carefully observe how your animal responds to essential oils. Use common sense and good judgment as you try different methods.
- + Be especially careful to not get essential oils in an animal's eyes.
- + If diffusing, always allow cats access to areas where they can avoid the diffused oil.
- + With all animals, avoid using high-phenol oils – such as Oregano, Wintergreen, Clove, and Mountain Savory. This is especially important with cats.
- + Use special caution with cats and essential oils. Avoid applying citrus oils topically, diffusing the scent around cats, and having your cat ingest them.

Dilution Recommendations

- 0-25 lbs. – 75% Dilution (1 drop of oil to 4 drops of carrier oil)
- 26-45 lbs. – 50-75% Dilution
- 46-75 lbs. – 25-50% Dilution
- 76-90 lbs. – 50% Dilution
- 91-150 lbs. – 25% Dilution
- 151+ lbs. – 0-25% Dilution

CARRIER OILS

- V-6™ Vegetable Oil Complex
- Organic Coconut Oil
- Organic Virgin Olive Oil
- Animal Scents® Ointment

Your pets may need some time to adjust to the new scents and sensations of essential oils. Use these tips to introduce your pets to essential oils in an easy and comfortable way:

-  Wear essential oils throughout the day, so your pets will be exposed to the aroma as you hold them, play, or cuddle on the couch.
-  Diffuse essential oils in spaces where your pets like to relax. Keep in mind that dogs tend to stay in a room with their owner even if something is bothering them. Closely watch for signs of irritation – such as whining, sniffing, nervousness, and excessive scratching – while diffusing around them.
-  When diffusing essential oils around cats, be sure to only diffuse in areas that allow the cat to leave if it does not want to be there.
-  Apply an essential oil to your hands and let your pets smell them, so they can explore the scent on their own terms.
-  If your pets are jittery or resistant to essential oils, try applying an oil to yourself and staying near the pets for several minutes, so they can get used to the aroma.

ANIMAL SCENTS

You love your furry family members – and so do we. Give your four-legged friends shampoo, essential oils, and other products designed especially for them.

Animal Scents[®] Ointment is a protective, soothing salve designed specifically for external use on animals. The gentle and safe formula is enhanced with pure Tea Tree (*Melaleuca Alternifolia*) and Myrrh essential oils.

Animal Scents[®] Shampoo cleans, conditions, and protects your pet's coat without harmful ingredients. Formulated with five pure essential oils and other natural ingredients, this shampoo is safe and effective for animals.

Animal Scents[®] Cat Treats are tasty and convenient snacks formulated without artificial colors, flavors, preservatives, or fillers and are made of high-quality, natural ingredients.

Animal Scents[®] Dental Pet Chews are tasty treats that support oral health with specially designed ridges that gently remove buildup on your pet's teeth.

Insect Away™ is best when used as a three-part system: **PuriClean™**, **Insect Away™**, and **Mendwell™**.

Mendwell™ is best when used as a three-part system: **PuriClean™**, **Insect Away™**, and **Mendwell™**.

T-Away™ was formulated with a soothing scent for your animal to support a new level of emotional freedom and joyful feelings.

DOG DIY

CLEAN EARS

Ingredients

- + Glass Jar of Choice
- + 4 ounces Carrier Oil
- + 1 cup Water
- + 8 drops Lavender
- + 5 drops Bergamot
- + 5 drops Melrose
- + 6 drops German Chamomile

Instructions

- + Combine ingredients in jar. Shake well before each use.
- + Apply to cotton ball and rub inside ear flap to loosen dirt. Do not drip into ear canal.

DRY SHAMPOO

Ingredients

- + 1 cup Baking Soda
- + 1 cup Corn Starch
- + 4 drops Lavender

Instructions

- + Combine all ingredients in a container of your choice, such as an empty salt shaker or baby powder bottle.
- + Sprinkle on fur and massage in.
- + Leave for 2-3 minutes to absorb fur's natural oils.
- + Brush through fur.

EAU DE DOG COLOGNE

Ingredients

- + 8 ounce Glass Spray Bottle
- + 1 cup Water
- + 15 drops Purification®
- + 10 drops Lavender
- + 6 drops Orange
- + 6 drops Peppermint

Instructions

- + Add essential oils to spray bottle.
- + Add water. Shake well before each use.
- + Spritz coat as needed. Do not spray near eyes or face.

A WALK IN THE PARK

Ingredients

- + 4 ounce Glass Spray Bottle
- + 4 drops Citronella
- + 4 drops Purification®
- + 2 drops Palo Santo
- + 1 drop Cedarwood
- + 1 drop Thyme

Instructions

- + Add essential oils to spray bottle.
- + Fill remainder of bottle with water. Shake well before each use.
- + Spritz coat before heading outside. Do not spray near eyes or face.

HORSE DIY
